MEFMI SECOND REGIONAL E-LEARNING COURSE ON DOMESTIC DEBT SUSTAINABILITY ANALYSIS (EDDSA)

Topics addressed in the course

Introduction to public debt domestic sustainability analysis (DDSA) and the dynamics between budget deficits and public debt - Theoretical models of DDS - Basic econometric techniques and approaches - Application of E-Views software to case study - DDSA for a MEFMI country (research paper using students' official country data)

APPLY ONLINE BEFORE AUGUST 31, 2010
at <http://www.unitar.org/pft/elearning/mefmi/eddsa>

Target Audience

Ministry of Finance and/or Planning and Central Bank officials who are involved in public debt management, budget/fiscal analysis or macroeconomic research and policy analysis. An academic background in economic and statistical analysis would be an added advantage with this target group.

Residential Workshop

The online course will be followed by a 2 weeks residential segment in Harare in early 2011.
